Marching Warriors Fee

Dear Band Parent,

Welcome to the Wakefield Band! Students who participate in the Wakefield Marching Band not only participate regionally in various competitions, begin their high school years with friends in an activity that the whole school celebrates at each and every home football game, but they also earn class credit while having a great time at working hard! Beginning with **Marching Band Camp, August 8-25**, through November, the band perfects their marching band show with special coaches, performances during halftime at home football games, outside showcases and competitions.

All of these activities cost money – money to cover uniform cleaning and maintenance, transportation, and competition fees. We ask the parents to pay some baseline portion of these costs to assist the much greater costs of the music program in general – instruments and staff to name the largest budget items provided by APS.
